Technical specifications

Convenience
- Pivot: 90°
- Swivel: +/- 65°
- Tilt: -5° to 25°

Dimensions
- Height adjustment range: 130 mm

Related Products
- Works with: 180P2, 180B2, 190B4, 190S5, 190B5

Product highlights

ScreenRotate
ScreenRotate makes it possible to use a monitor in both the landscape and portrait mode; to change orientation for a better view of a selected document or image, the monitor is rotated to the desired orientation.

Adjustable height
Adjustable height is the ability of a monitor to travel up or down on its base and lock into position when the desired height is reached, delivering a comfortable, individualised viewing angle that is just right for the user's height, weight, body-type and posture, alleviating possible eyestrain or fatigue that can come from long hours working on a computer.

Screen tilt and swivel
Screen tilt and swivel is a mechanism built into the base allowing the monitor to swivel and tilt backward or forward.
